ST JOSEPH'S COLLEGE

28th November 2017

Dear St. Joseph's Families

It is with deep sadness that I inform you of the sudden death of one of our staff members at St. Joseph's College, Pradeep Sood, one of our IT Teachers who died last Sunday. Mr. Sood had been absent as a kidney had become available for him and he was having a transplant.

All of us at St. Joseph's College extend our deepest sympathy to Mr. Sood's family and friends.

Because of our close community, this death touches everyone at our school. When an adult close to a child dies, children react in many different ways. Please watch your children and be alert to any changes that you may notice.

Open communication between parents and children is very important. Given reassurance and try to understand your child's feelings. If you think your son/daughter is having a particularly difficult time dealing with this situation, please contact the school on 020 8761 1426 and we will provide additional assistance as needed.

Our prayers and thoughts are with his wife and family at this difficult time.

Yours faithfully

D Garrido
Headmaster
