

# ST JOSEPH'S COLLEGE

22 June 2020

Dear Parents and Carers

## **New Year 7 Calculator and Maths Set Purchase**

It is a requirement that all students have the same type of calculator for their Maths lessons. The calculator that is required is a **Casio FX85GT+**.

These calculators can be purchased from the College at a cost of £13 and will have the School badge and your son's name engraved on the back, so if the calculator is mislaid, it can be easily returned to him.

We also have a Maths set that can be purchased from the College at a cost of £2 that comprises all the necessary equipment needed in Maths lessons including: A Metal compass and dividers, 15cm ruler, 180° protractor, 30° and 45° set squares, Pencil, sharpener and rubber.

Please fill in the slip below, and return to the member of staff you are meeting during the dates of 29<sup>th</sup> /30<sup>th</sup> June or 1<sup>st</sup> July 2020. This should be with the correct amount of cash (as there is no change) or a cheque (made payable to St Joseph's College) in an envelope.

These will be given out in your son's Maths lesson in September 2020.

Yours faithfully

Mrs Mantillas  
Head of Mathematics
