ST JOSEPHS COLLEGE SE19

### HEADTEACHER'S MESSAGE

Dear Parents/ Carers,

It has been a busy week at the College this week, both in academic and sporting events. Our Year 11 and 13 Art students commenced their Art examinations, enduring many hours of focus and precision to produce their very best work.

Congratulations to our promising KS3 mathematicians for completing their Maths Award Exam this week.

House competitions have been in full throttle, with a KS3 football competition bringing together our students across Year 7 and 8 for a very successful event. We are very proud of all our students who participated and gained house points - a thoroughly enjoyable afternoon.

We thank all the parents/carers who attended the Year 11 and Year 13 Parents Exam Information evening last week - we hope you found it an informative event.

Next week sees the official start of the exam season, with the first GCSE written exam on Monday 15th May. We wish our students the very best of luck during this period and very much hope they all achieve excellent results they can be proud of.

'Dear Lord of body, mind and soul. We think of those about to take school exams and we ask you to give them your guidance and peace. We think also of those who invigilate and mark the exams, may you give them wisdom and compassion'.

God Bless,

Mr G Mantillas.

### Founder's Week

### Who was St John Baptiste de La Salle?

St. John Baptiste de La Salle (1651-1719) was a French priest and educational reformer. He is known for founding the Institute of the Brothers of the Christian Schools, also known as the De La Salle Brothers or Christian Brothers. La Salle dedicated himself to providing education to poor children, developing innovative teaching methods, and training teachers. St. John Baptiste de La Salle is considered a pioneer in the field of modern education and is recognized as the patron saint of teachers.

St John Baptist De La Salle

### The Lasallian Brothers Today

The De La Salle Brothers, also known as the Christian Brothers or Lasallian Brothers, continue to be an international religious congregation dedicated to education. They follow the teachings and mission of St. John Baptiste de La Salle. Today, the Brothers operate schools, colleges, and universities around the world, providing education to students of all backgrounds, particularly those who are economically disadvantaged.

Pope Francis with a Lasallian Brother

The Lasallian educational institutions prioritise quality education, holistic development, and the formation of responsible citizens. The Brothers also engage in various social and community development projects in line with their commitment to social justice and service to others

### What are we doing to celebrate Founder's Week?

- 1. We have been taking part in the Lasallian Award. Whereby students have been showcasing the many ways that they live out our 5 Respects. We will hear the results later in the week.
- 2. Special Prayers and Reflections during form time.
- 3. KS3 classes will have one Lasallian lesson based on the Lasallian ethos.
- 4. On Friday, 19th May, a group of students from KS3 will go to St Cassian's Centre in Kintbury on the Retreat trip.

# SCHOOL NEWS

### Y13 Leavers assembly – Wednesday 3rd May 2023

On Wednesday, Year 13 students, the Sixth Form Team and teachers met in the chapel for a leaving assembly. Awards were presented for academic excellence, along with student social awards and exam preparation gift bags. Students took great delight in a game of "Guess the staff member" from the baby photos and a video montage of images of the pupils over the years was created to allow them to look back and celebrate their journey at St Joseph's. Finally, staff messages of support were shared in a good luck video from staff both present and past.

We wish all our students well over the coming exam season and look forward to celebrating with them on results day on 17th August.

### **Croywall Year 8 Rewards Trip**

Yesterday some of our top House point achievers in Year 8 enjoyed a trip to the Croywall climbing centre in Croydon! The boys had a fantastic time seeing who could climb the highest!

Learning how it is done

# Sixth Form Culture Event – Thursday 4th May 2023

On Thursday 4th May, the Sixth Form Student Union organised a Culture Event for all Year 12 and 13 students. The event took place in the Sixth Form centre and students brought in food and decorations representative of their culture for all to enjoy and share. Students were encouraged to wear their cultural dress and the union created a diverse and inclusive playlist. The event was ticketed to raise money for charity and the celebrations and festivities were enjoyed by both staff and students.

**Looking smart** 

### Sky Academy trip

Last week 14 Year 9 boys went to Sky studios for an educational trip for a career in media.

During the day the Year 9s worked in small teams, taking on different media roles to a create their own feature film trailer to a tight 45 minute deadline.

The visit also gave them a sneak peek behind the scenes at Sky News and at Sky Sports! All the boys were engaged throughout the day working together as a team and it was a fantastic experience for all involved.

# STUDENT VOICE - AI RESEARCH

This week we invited students to submit their own work and reflections on a topical question. The question was:

# Is AI our liberator or our downfall? Will it help us in the future or cause our destruction?

We were very impressed with all the submissions! These are just some of the poems, pictues and articles that students made.

Throughout history, human beings have always wanted to enhance technology and expand on the ideas that others have already had, which has led to both astonishing and intellectual inventions that have changed humanity as we know it and terrible ideas that destroyed natural areas, killed thousands of people and caused wars between nations; we still are trying to find out which side artificial intelligence falls.

### Chidubem Chime 7YEN1

Drawing by Jayansh Sharma 7XEN1

### Erastus Bedlow made a great presentation

The impact of AI on society is still uncertain, and it can have both positive and negative consequences depending on how it's used. While AI has the potential to revolutionise our world and help solve many of our problems, it can also lead to job loss, privacy violations, bias, and other negative outcomes if not developed and deployed responsibly. Therefore, it's important to approach AI with caution and ensure that it's used to benefit humanity and not cause harm.

### **Lemar Stanley 8XEN1**

Maybe in the nearby future, AI robots will be able to do normal and simple jobs that people do like delivering parcels and other simple jobs which will lead to many unemployed people. And that will escalate to homelessness and people won't be able to pay their bills.

### Noor Zaheen Sheikh 7YEN2

There were loads of poems, drawings and articles that we unfortunately did not have space for. But we are very grateful for all your submissions and it was fantastic to read them all!

We will be asking for submissions for a different topic later this month. If you have any ideas for our next topic please give your ideas to Mr Russell in N25.

### **Athletics**

It was a quiet week last week due to a bank holiday and a strike day but there was still time for an athletics competition. There was fantastic news as the Year 10s were able to compete in the Croydon Athletics meet which saw us attain a 3rd place position out of 16 different schools. A brilliant achievement. Praise goes to everyone who participated, you all did St Joseph's proud but a special congratulations must go to Joseph Johnson-Cole who won the 100m final comfortably.

On Wednesday it was the turn of the Year 9s. Mr Delaney took the Y9 Athletics team to the Croydon Schools meet which saw some positive results and good representation of the schools team. The students had a fantastic day and were proud of their achievements.

# ST. JOSEF IS COLLEGE AD

Romario with his medal

### Cricket

This week saw the PE department hold the Year 7 cricket trials which saw 13 students take part and show their cricketing skills; from this the squad will be picked for our fixtures up ahead. We are looking forward to reporting from their upcoming matches!

Our athletic Year 9s

### **Football**

On Thursday the house football competition was held down on the fields, with Mr Jones and Mr Delaney, Year 7 saw Brooklands win and in Year 8 Netherton were victorious.

Unfortunately there was disappointment this evening as Mr Jones' Year 11's lost in the final of the Croydon Schools Cup. They lost to Coombe Wood 4-2. It was a spirited performance and they can hold their heads high after a great game and a wonderful season. Well done to Rushaun Daniels for scoring both goals for St Joseph's.

Their next challenge is their GCSEs, we wish them every success as they continue their exams next week.

Warming up

# YEAR 10 APPRENTICESHIPS

On Monday during their Tutor sessions, Year 10 will be hearing about the range of apprenticeships leading to professional careers offered at London South Bank University.

This is part of our commitment to making sure students are clear about all of the routes open to them. If you want to find out more use this link:

www.lsbu.ac.uk/study/apprenticeships.
