## **PE Kit Policy – 100% Participation**

At St Joseph's College it is important to us that all pupils strive for their personal best in every area of school life. Within the PE department we support this through our ethos of 100% participation. This means that for PE lessons we require the following:

- All students to have full and correct PE kit for every lesson. It is understood that there are occasions when pupils will be unable to take a full active part in a lesson due to a medical condition or as they recover from illness or injury. When this happens, PE staff endeavour to keep such pupils as involved as possible so that they can continue their learning alongside their classmates. If a student is injured or unwell the following procedures should be followed:
- Students must still bring their PE kit along with a note explaining their condition.
- Their teacher will then discuss what they are able to do; sometimes this will be taking part in some of the lesson, other times this will be taking on alternative roles within the lesson such as leadership, officiating or evaluating peer performance.
- Students will change into their PE kit to carry out these jobs.
- Where movement is limited, the PE department may provide additional clothing, so students are kept warm and dry when not being physically active.
- Every item of PE kit must clearly be labelled with the student's name. This should be done either with sew-on labels or with permanent marker pen. The College cannot take responsibility for lost property, although every effort will be made to reunite items with their owners.

### **What are the benefits of this policy?**

Pupils are taking responsibility for their learning; by bringing their PE kit and discussing any issues they have with their teacher; we are encouraging a more mature approach to their education.

- Everyone is participating in the lesson as much as they can, even if they cannot do everything.
- Everyone is in kit for PE creating a sense of unity; no one stands out as being different.
- Everyone is always prepared to go with their class whether they are indoors or outside.
- Everyone is involved and contributing to the lesson.
- Different types of learning will occur when you take different roles such as referee, score keeper etc.

Where kit is not brought to lessons even with medical notes the following sanctions will be applied:

- A Behaviour Point is issued in accordance with the College's Behaviour Policy.
- If kit is repeatedly not brought over the term, then parents/ carers will be contacted and invited into college to discuss the student's current progress in P.E lessons.

Where students fail to bring correct kit to school the following sanctions will be applied:

- First occasion – warning issued.
- Second occasion – Behaviour Point issued in accordance with the College's Behaviour Policy.
- If kit is repeatedly not brought over the term, then parents/ carers will be contacted and invited into college to discuss the student's current progress in P.E lessons
